

#34 COIL & FIN CLEANER®

RCD #34 Coil & Fin Cleaner® cuts through dirt, dust, grease, and other debris found in evaporator and condensing coils. It's foaming action provides excellent vertical hold that liquefies and drains away within minutes. Regular coil cleaning increases operating efficiency, lowers cost of operation, and promotes energy efficiency. #34 Coil & Fin Cleaner's® powerful, non-corrosive cleaning action makes it the best choice for cleaning permanent washable air filters and washable electronic air cleaners. Clean coils and filters save energy, improve indoor air quality and comfort.

SPECS:

Catalog Number 300340	20 fluid ounce aerosol can
Storage temperature	45° F to 90° F
Shelf life	12 months (unopened container)
Packaging	12 cans/box

- Non-Acidic
- Non-Corrosive
- No Mixing Required
- High Foaming Action
- Clean Citrus Scent
- Non-Flammable
- Biodegradable & CFC Free

APPLICATION

Spray directly onto exposed coils and fins and allow to set for 5-10 minutes. Rinse with clear water when possible. Repeat if necessary. Use a clean Fin & Plenum Brush® to remove stubborn debris, being careful not to bend or damage fins. If rinsing is not possible, spray coils again to rinse away debris loosened from first application. Be sure to check drain lines for blockage. Allow evaporator coils time to dry before restarting system.

PRECAUTIONS

It is the applicator's responsibility for the design, use and storage of all building materials, including RCD Corporation® #34 Coil & Fin Cleaner®. Store at recommended storage temperatures (45° to 90° F.). Rotate inventory using first in first out method (FIFO). Protect from freezing. Do not spray onto energized circuits. Avoid contact with eyes. Occupants and users who are chemically sensitive, prone to allergic reactions, are asthmatic, or have respiratory ailments of any kind should consult their physician before coming into contact with aerosol products.

Use On:
